Enclosed for the Bureau and each receiving Division is a 26 page list of telephone numbers outside the San Francisco Division.

Captioned investigation indicates that two previous incidents may be connected to captioned matter as follows:

On 4/22 and 23/90, a steel power transmission line, plus two telephone poles were sabotaged in Santa Cruz, California, resulting in the loss of power to over 100,000 customers for over six hours. A communique was received claiming credit for this act from an alleged group called the Earth Night Action Group. The act itself, and the communique, closely parallel the events surrounding the Thermcon investigation awaiting trial in Phoenix, Arizona. In the Thermcon case, members of the Earth First organization were arrested by the FIB. IN the Santa Cruz case, members of the Earth First organization applauded the downing of the Santa Cruz power lines and additionally two members of the organization, JUDI BARI and [redacted] had leafleted the Santa Cruz area calling for environmentalists "to go out at night and take action for the earth."

Subsequently, on 5/9/90, an explosive incendiary device was located at Cloverdale, California at the Louisiana Pacific Lumber yard. This device would have, if it properly functioned, destroyed over \$1 million worth of lumber and officer buildings at the company. Coincidentally JUDI BARI and [redacted] have been quite active in the Cloverdale area campaigning against the lumber industry and JUDI BARI specifically, prior to her environmental verbal attacks against the lumber industry, was a union organizer targeting Louisiana Pacific.

b6  
b7c

On 5/24/90, an explosive device detonated in a moving vehicle in Oakland, California which was owned and being operated by JUDI BARI with DARRYL CHERNEY as a passenger. Following the investigation of the crime scene and interviews of witnesses, the Oakland Police Department and the Alameda County District Attorney's Office arrested DARRYL CHERNEY and JUDI BARI as being responsible for transporting an explosive device.

Subsequently, searches were conducted at JUDI BARI's residence and nails were found that the FBI Laboratory indicates were made by the same stamping machine during a relatively short milling run. The FBI Laboratory also advised

that the Cloverdale explosive device and the detonated device in JUDI BARI's vehicle had significant similarities, indicating that the same person or persons constructed these two devices.

Subsequently, a communique was received from an individual claiming to be the Lord's Avenger and that he/she was responsible for the Cloverdale and Oakland devices. FBI Laboratory confirms that the verbiage in the Lord's Avenger letter indicates that in all likelihood the author either directly participated in or dealt closely with the makers of these two devices.

The Alameda County District Attorney's Office has elected not to formally charge BARI and CHERNEY stating "There is insufficient evidence to sustain a conviction." The FBI's investigation continues, focusing on attempting to identify the Lord's Avenger. It should be noted that neither BARI nor CHERNEY nor any of their associates are amenable to interview by the FBI. Also, there has been a continuous stream of news media coverage nationwide in regard to the Oakland bombing investigation. The bulk of this coverage has been stimulated by BARI and CHERNEY and others associated with the Earth First organization accusing the FBI of mounting a COINTELPRO-type operation against environmentalists. BARI and CHERNEY have also filed a \$40 million lawsuit against the FBI and other local law enforcement agencies, charging harassment and complicity in connection with the bombing.

Investigation indicates a number of individuals who associated with each other to include, in some cases, being arrested with each other. The telephone records for these individuals were requested and those which cannot be obtained through San Francisco's Investigative Assistants through Pacific Bell follows, identified by Division.

#### LEADS

Each Division is requested to determine the telephone numbers in their Division, obtain subscriber information and thereafter conduct indices and local arrest checks of the subscribers. In the event that a subpoena becomes necessary to determine subscriber information, furnish the proper name and address of the individual, to whom the subpoena should be addressed, to San Francisco.

AT APPROXIMATELY 11:50 AM ON MAY 24, 1990, AN IMPROVISED  
EXPLOSIVE DEVICE DETONATED INSIDE A VEHICLE BEING DRIVEN BY  
JUDITH BARI, AT THE INTERSECTION OF PARK AVENUE AND 34TH STREET,  
IN OAKLAND, CALIFORNIA. THE DEVICE, WHICH TORE A THREE FOOT BY  
TWO FOOT DIAMETER HOLE IN THE FLOOR OF THE CAR BEHIND OF THE  
DRIVERS SEAT, SENT SHRAPNEL AND CAR PARTS INTO BARI, AND HER  
PASSENGER, DARRYL CHERNEY. BARI AND CHERNEY ARE SELF-PROCLAIMED  
MEMBERS OF THE ENVIRONMENTALIST GROUP EARTH FIRST!

THE OAKLAND POLICE DEPARTMENT (OPD) AND, AT THE REQUEST OF  
THE OAKLAND POLICE CHIEF, FBI SAN FRANCISCO ARRIVED SHORTLY AFTER  
THE EXPLOSION AND SECURED THE SCENE. DEBRIS FROM THE EXPLOSION  
WAS FOUND COVERING THE ENTIRE INTERSECTION AND THE ADJACENT  
BUSINESS DISTRICT. ALSO AT THE SCENE WERE TWO VEHICLES THAT WERE

PAGE THREE DE FBISF 0001 UNCLAS

TRAVELING WITH BARI'S VEHICLE AT THE TIME OF THE BLAST. THE OCCUPANTS OF THOSE VEHICLES, WHO WERE UNHURT, WERE TAKEN BY OAKLAND POLICE TO THEIR HEADQUARTERS FOR QUESTIONING.

THE INJURED PARTIES AND THEIR TRAVELING COMPANIONS ALL ASSERTED THAT THE DEVICE HAD BEEN PLACED IN AN ATTEMPT TO ASSASSINATE BARI, WHO, AS NOTED ABOVE, WAS DESCRIBED BY ASSOCIATES AND HERSELF AS A MEMBER OF EARTH FIRST! PERSONS CLAIMING TO REPRESENT EARTH FIRST! CONTACTED THE FBI AND THE OPD AND STATED THAT BOTH BARI AND [REDACTED] HAD BEEN THE SUBJECT OF DEATH THREATS AND PHYSICAL HARASSMENT FOR THEIR ENVIRONMENTAL ACTIVITIES. [REDACTED] AN ATTORNEY CLAIMING TO REPRESENT BARI, STATED THAT SHE HAD PROVIDED THE MENDOCINO (CALIFORNIA) COUNTY SHERIFF'S DEPARTMENT WRITTEN DEATH THREATS THAT BARI HAD RECEIVED.

b6  
b7c

IT IS NOTED THAT BARI AND [REDACTED] HAVE BEEN IN THE NEWS RECENTLY BECAUSE OF THEIR INVOLVEMENT WITH "MISSISSIPPI REDWOOD SUMMER" AN EVENT SPONSORED IN PART BY EARTH FIRST! TO CONDUCT PROTESTS AGAINST THE LOGGING INDUSTRY IN NORTHERN CALIFORNIA. THIS EVENT'S NAME REFERS TO THE CIVIL RIGHTS PROTESTS IN MISSISSIPPI DURING THE 1960'S. [REDACTED] WAS ALSO ARRESTED BY THE

PAGE FOUR-DE FBISF 0001 UNCLAS

CALIFORNIA HIGHWAY PATROL FOR [REDACTED]

[REDACTED] TO HANG AN EARTH FIRST! BANNER.

A PRELIMINARY REVIEW OF THE CRIME SCENE REVEALED THAT THE  
IED THAT DETONATED IN BARI'S VEHICLE CONSISTED OF A 12 INCH BY 2  
INCH GALVANIZED PIPE NIPPLE WITH THREADED END CAPS, A NINE VOLT  
DURACEL BATTERY, A SMALL CLOCK OR A POCKET WATCH, CLOTHESPINS  
(POSSIBLY USED AS A SWITCH), WIRES CONNECTED TO A LIGHT BULB  
WRAPPED IN ELECTRICAL TAPE AND FOUND INSIDE THE PIPE, AND THE  
ENTIRE DEVICE WAS WRAPPED IN DUCT TAPE WITH FINISHING NAILS  
CONTAINED INSIDE THE TAPE. FBI BOMB TECHNICIANS ON THE SCENE  
BELIEVE THAT A LOW EXPLOSIVE, SUCH AS SMOKELESS POWDER, WAS USED  
IN THE PIPE.

THE INJURED PARTIES ARE IDENTIFIED AS FOLLOWS:

JUDITH BEATRICE BARI, DATE OF BIRTH NOVEMBER 7, 1949, SEX

Your affiant says that the facts in support of the issuance of the search warrant are as follows:

Your affiant is employed by the Oakland Police Department and has been so employed since August 1976. Affiant as a Police Officer has been assigned to the Patrol Division for four years, Traffic Division for five years and Narcotic's Section for one year. In 1986 affiant was promoted to Sergeant of Police and was assigned to the Criminal Investigation Division. Affiant worked as a Burglary Investigator, Robbery Investigator and is presently assigned to the Homicide Section.

On 24MAY90 Sgt. Sitterud, an Oakland Police Officer, and affiant were assigned to the Homicide Standby Duty. At 1200hrs Sgt. Sitterud and affiant were assigned to respond to a explosion at Park and MacArthur Boulevard in the City of Oakland. Sgt. Sitterud responded to the scene and affiant responded to Highland Hospital where the occupants of a vehicle were being treated, associated with the explosion.

Affiant arrived at Highland Hospital at 1215hrs and observed Allied Ambulance Company arrive at the Hospital. The first ambulance to arrive had a female white name Julie Bari. Bari was taken to the Trauma Room. Affiant spoke with Allied Paramedic Sal Taormina who transported Bari to the hospital. Taormina told affiant that he had responded to a report of an explosion and observed a white car at Park and MacArthur which appeared to have suffered an explosion. While treating Bari at the scene she told him that, "A bomb went off in their car."

A second ambulance arrived a Highland Hospital with a male white on the gurney. The man told Hospital staff that his name was Darryl Cherney and that he was a political activist and this was an assassination attempt. Cherney was taken into the Trauma area for treatment. Affiant spoke with Allied Paramedic Brian Buckman who transported Cherney to the Hospital. Buckman said that Cherney told him at the scene that, "We are political activists with Earth First and they threw a bomb at us."

Affiant learned from medical staff that Bari suffered a shattered pelvis and internal injuries and that Cherney suffered multiple lacerations.

Affiant left the hospital and went to the scene of the explosion. Affiant met with Sgt. M. Sitterud. Sitterud advised affiant that Bari and Cherney were in a white Subaru Station Wagon California License #2NWX290. They were traveling northbound on Park Boulevard when a bomb exploded inside the vehicle and the vehicle came to rest at the west curb. Bari was driving the car and Cherney was the right front passenger. Sgt. Sitterud said that two witnesses to the incident were at the Homicide Section.

Your affiant viewed the white Subaru along with agents from the F.B.I. Your affiant was advised by these F.B.I. Agents that the bomb device was on the floor board behind the drivers seat when it detonated. Your affiant spoke with F.B.I. Special Agent Frank Doyle Jr. who told affiant that he has been assigned to the International/Domestic Terrorism Squad for the past twenty years, has been trained as a hazardous devices technician, is a police instructor in terrorism and bomb matters, and has processed approximately one hundred and fifty bombing crime scenes in the United States. Agent Doyle has

5.25.90

testified in Federal, State and local courts as an expert concerning bombing matters. Doyle advised your affiant that he conducted an examination of the white Subaru at the scene of the bombing. Doyle stated that he observed the components of a pipe bomb including a battery a mechanical watch, electrical wires, pieces of a pipe nipple measuring approximately 2 inches by 12 inches having been capped at both ends and filled with a low explosive filler. Doyle also observed numerous nails bound together by silver duct tape for shrapnel effect. He told your affiant that a separate bag of nails was discovered in the vehicle that are identical to the nails taped to the explosive device.

Doyle informed your affiant that his conclusion regarding the location of the explosive device was based upon his observations of a large hole in the rear seat floorboard immediately behind the driver's seat and his observations of nails, duct tape and pipe bomb fragments in the roadway and the inside of the vehicle.

Your affiant and Sgt. Sitterud interviewed Marr at the Oakland Police Department. Shannon Marr was one of the witnesses at the bomb scene. Marr told affiant that she was friends with the occupants of the Subaru. Marr said she was a member of "Seeds of Peace," which was an organization which provided logistical support for various demonstrations and political groups. Marr said her organization is equipped to provide food and water to up to 1500 people a day. Marr said her organization is based at 3237 California Street, Berkeley, California. Marr said that her organization was approached by Earth First which is a group which is fighting clear cutting of old growth redwood trees in Northern California. Marr described Bari and Cherney as being Northern California leaders of Earth First. Bari and Cherney approached Seeds of Peace to request support for a demonstration called "Redwood Summer." Redwood Summer would be an on-going demonstration in Northern California to prevent lumber companies from clear cutting redwood trees during the summer. Marr said that Seeds of Peace were concerned about joining with Earth First because it had a reputation of violence and property destruction. Marr said that Bari and Cherney and other Earth First members convinced Seeds of Peace to support the demonstration.

Marr said that on ~~last~~ night of 23 MAY 90 members of "Seeds for Peace" and members of "Earth First" met at 3237 California Street, Berkeley to discuss the "Redwood Summer" demonstration. Bari and Cherney were present for the meeting. After the meeting Shannon said that Bari left the Berkeley address with David Kemnitzer and spent the night at Kemnitzer's residence in Oakland.

Marr said that after the meeting Cherney spent the night at the Berkeley address. Marr said that Bari left in her white Subaru station wagon and that Cherney had a van which was parked near the Berkeley address.

Marr said that on ~~23~~ 24 MAY 90 she left the Berkeley address at approximately 9:15 A.M. with Cherney. Marr said she and Cherney drove to David Kemnitzer's house in Oakland on East 23rd Street. Marr drove Cherney in her Datsun. Marr said that when they arrived at Kemnitzer's she and Cherney entered the residence. Inside the residence Kemnitzer, Bari, Cherney and Marr worked on writing a grant proposal for an environmental camp.

Marr said that Bari and Cherney also had a guitar case and a violin case inside Kemnitzer's residence and that Bari and Cherney sang a song before

RACIA  
5.25.90

6.25.90

leaving Kemnitzers' residence. Cherney also had a camouflage backpack at Kemnitzers house. Marr said they decided to leave Kemnitzer's to go to a copy shop and that Bari and Cherney carried a violin case, backpack and maybe two guitar cases outside to Bar's car. Marr said that Bari and Cherney planned to travel to Santa Cruz to attend the Redwood road show.

Marr said that Bari and Cherney did not know Oakland very well, so they were going to follow her. Marr drove her Datsun while Bari followed in her Subaru with Cherney as the right front passenger. Marr said as she drove north on Park Boulevard, just minutes after leaving Kemnitzer's she heard the explosion, felt heat and smelled a sulphur smoky smell. Marr looked in her mirror and saw Bari's vehicle smoke pouring from the interior, pass by Marrs' vehicle and collide with a pole at the west curb. Marr stopped her car and ran to Bari's vehicle. Bari said her back was hurting and Cherney had facial cuts. Cherney told Marr to take his camouflage bag out of Bari's car because he would need it. Marr said that she took the bag and placed it in her vehicle.

Marr said she remained at the scene until police and fire crews responded to the scene.

Sgt. Sitterud then spoke with David Kemnitzer at the Homicide Section. Kemnitzer lives at 725 East 23rd Street, Oakland. Kemnitzer said he met Judy Bari and Darryl Cherney in April 1990. Kemnitzer said that he attended a meeting in Laytonville, Northern California and that Bari and Cherney were members of Earth First and that Earth First was seeking support for a summer demonstration. Kemnitzer said his friends who belonged to Seeds of Peace were concerned about Earth First's reputation. Kemnitzer told affiant that Earth First had a reputation of violence and sabotage. Kemnitzer said there were several meetings where Bari and Cherney said that the Redwood Summer would be strictly nonviolent. Kemnitzer said that ~~the~~ night of 23MAY90 he attended a meeting at 3237 California Street and that Bari and Cherney were present. After the meeting Bari followed Kemnitzer home in her Subaru and that she spent the night inside his residence at 725 East 23rd Street, Oakland. Kemnitzer said that Bari brought a fiddle case, sack type purse a blue duffel type bag and a hard guitar case. Kemnitzer said that Shannon Marr and Darryl Cherney came to his house the morning of 24MAY90 at approximately 9:30A.M. Marr and Cherney came over in Marr's Datsun. Kemnitzer said that Marr and Bari and Cherney left the residence and he did not see them load the car. Kemnitzer said that Bari and Cherney were going to follow Marr. Kemnitzer said he left his residence approximately five minutes later and saw the damaged car and police on Park Boulevard. Kemnitzer said he remained at the scene and contacted the police.

Affiant believes that Bari and Cherney are members of a violent terrorist group involved in the manufacture and placing of explosive devices. Affiant also believes that Bari and Cherney were transporting an explosive device in their vehicle when the device exploded. Cherneys explanation of the incident is inconsistent with the physical evidence found at the scene.

The Subaru occupied by Bari and Cherney is registered to Julie Bari, 9491 Humphrey Lane, Redwood Valley, California. Bari gave this address to the hospital staff at Highland Hospital. Affiant telephoned Deputy Satterwhite of the Mendocino County Sheriff's Office. Deputy Satterwhite is familiar

8-25-90

with Juli Bari and spoke with her on 25APR90 and at that time she said she lived at 9491 Humphrey Lane, Redwood Valley. Deputy Satterwhite advised affiant that at that address there are three structures and a house trailer. Satterwhite stated that the property is communal type and consists of a single story natural wood residence, a two story redwood house under construction, an unattached natural wood three sided shed and a twenty foot house trailer. Deputy Satterwhite also advised he contacted neighbors who know Bari and they stated Bari is in and about the above buildings and trailer.

CAF PAC 5-25-90

Affiant knows that both Bari and Cherney were at 3237 California Street, Berkeley, on 23-24MAY90. Affiant believes that there is material at that location used for the manufacture or storage of explosive devices.

\* SEE BELOW CAF 5.25.90

Affiant therefore requests that a search be permitted of 3237 California Street, Berkeley and a search of the buildings and trailer at 9494 Humphrey Lane, Redwood Valley for evidence relating to the manufacture or storage of explosive devices.

Affiant knows thru training and experience that persons involved in the manufacture of explosive devices attempt to conceal their true identity, therefore affiant requests that a search for indica which would tend to show residency and or control of the premises be permitted.

Affiant requests that this search warrant be endorsed for night service due to the wide publicity of the incident in the Berkeley and Redwood Valley area to prevent the concealment or destruction of evidence. This evidence would include items which are easy to conceal and remove from the residence.

\* \* SEE BELOW CAF 5.25-90

WHEREFORE, affiant prays that a search warrant be issued, based upon the above facts, for the seizure of said property.

(X) property or things which consist of an item or constitutes evidence which tends to show that a felony has been committed, or tends to show that a particular person has committed a felony.

Your affiant says that the facts in support of the issuance of the search warrant are as follows:

Your affiant is employed by the Oakland Police Department and has been so employed since August 1976. Affiant as a Police Officer has been assigned to the Patrol Division for four years, Traffic Division for five years and Narcotic's Section for one year. In 1986 affiant was promoted to Sergeant of Police and was assigned to the Criminal Investigation Division. Marr said that Bari and Cherney and other Earth First members convinced Seeds of Peace to support the demonstration.

Marr said that on last night on 23MAY90 members of "Seeds for Peace" and members of "Earth First" met at 3237 California Street, Berkeley to discuss the "Redwood Summer" demonstration. Bari and Cherney were present for the meeting. After the meeting Shannon said that Bari left the Berkeley address with David Kemnitzer and spent the night at Kemnitzer's residence in Oakland.

Marr said that after the meeting Cherney spent the night at the Berkeley address. Marr said that Bari left in her white Subaru station wagon and that Cherney had a van which was parked near the Berkeley address.

Marr said that on today 24MAY90 she left the Berkeley address at approximately 9:15A.M. with Cherney. Marr said she and Cherney drove to David Kemnitzer's house in Oakland on East 23rd Street. Marr drove Cherney in her Datsun. Marr said that when they arrived at Kemnitzer's she and Cherney entered the residence. Inside the residence Kemnitzer, Bari, Cherney and Marr worked on writing a grant proposal for a environment camp.

Marr said that she took the bag and placed it in her vehicle.

Marr said she remained at the scene until police and fire crews responded to the scene.

Sgt. Sitterud then spoke with David Kemnitzer at the Homicide Section. Kemnitzer lives at 725 East 23rd Street, Oakland. Kemnitzer said he met Judy Bari and Darryl Cherney in April 1990. Kemnitzer said that he attended a meeting in Laytonville, Northern California and that Bari and Cherney were members of Earth First and that Earth First was seeking support for a summer demonstration. Kemnitzer said his friends who belonged to Seeds of Peace were concerned about Earth First's reputation. Kemnitzer told affiant that Earth First had a reputation of violence and sabotage. Kemnitzer said there were several meetings where Bari and Cherney said that the Redwood Summer would be strictly nonviolent. Kemnitzer said that last night 23MAY90 he attended a meeting at 3237 California Street and that Bari and Cherney were present. After the meeting Bari followed Kemnitzer home in her Subaru and that she spent the night inside his residence at 725 East 23rd Street, Oakland. Kemnitzer said that Bari brought a fiddle case, sack type purse a blue duffel type bag and a hard guitar case. Kemnitzer said that Shannon Marr and Darryl Cherney came to his house this morning 24MAY90 at approximately 9:30A.M. Marr and Cherney came over in Marr's Datsun. Kemnitzer said that Marr and Bari and Cherney left the residence and he did not see them load the car. Kemnitzer said that Bari and Cherney were going to follow Marr. Kemnitzer said he left his residence approximately five minutes later and saw the damage car and police on Park Boulevard. Kemnitzer said he remained at the scene and contacted the police.

Affiant believes that Bari and Cherney are members of a violent terrorist group involved in the manufacture and placing of explosive devices. Affiant also believes that Bari and Cherney were transporting an explosive device in their vehicle when the device exploded. Cherneys explanation of the incident is inconsistent with the physical evidence found at the scene.

The Subaru occupied by Bari and Cherney is registered to Julie Bari, 9491 Humphrey Lane, Redwood Valley, California. Bari gave this address to the hospital staff at Highland Hospital. Affiant telephoned Deputy Satterwhite of the Mendocino County Sheriff's Office. Deputy Satterwhite is familiar

with Juli Bari and spoke with her on 25APR90 and at that time she said she lived at 9491 Humphrey Lane, Redwood Valley. Deputy Satterwhite advised affiant that at that address there are three structures and a house trailer. Satterwhite stated that the property is communal type and consists of a single story natural wood residence, a two story redwood house under construction, an unattached natural wood three sided shed and a twenty foot house trailer. Deputy Satterwhite also advised he contacted neighbors who know Bari and they stated Bari is in an about the above buildings and trailer.

Affiant knows that both Bari and Cherney were at 3237 California Street, Berkeley, on 23-24MAY90. Affiant believes that there is material at that location used for the manufacture or storage of explosive devices.

Your affiant was advised by John J. Reikes, an agent for the Federal Bureau of Investigation, who inturn advised your affiant that he had received information from Stanley Walker, an agent for the Federal Bureau of Investigation assigned to the Eureka, California office of the Federal Bureau of Investigation, that the residence of Cherney is located in Humboldt County, California, at the legal address of 4531 Lower Thomas Ranch Road, Garberville, California. Agent Walker has interviewed Andy Camarda, a resident of Garberville, California, and the owner of the property at 4531 Lower Thomas Ranch Road. Camarda stated that he rents the residence to Cherney. Your affiant received the following description to locate the property from Agent Walker: Off U.S. Highway 101, turning west on Salmon Creek Road, north of Garberville, California, 2.9 miles left off of Salmon Creek Road to Thomas Road, 1.6 miles on Thomas Road to a dirt surface, then .9 miles on the dirt surface, to a cattle guard, then 1.9 miles to a split in the road to a PARK HERE sign, continue up the hill to the right .2 miles to a dirt driveway, 200 feet to the end of the driveway, then 100 feet to the residence. The residence is described as a multi surfaced dome shaped structure, approximately 20 feet in diameter and 10 feet high. The structure has a wooden porch and is surfaced with a brown asphalt material. The single entry door has a pad lock on it.

Your affiant's investigative experience leads to the belief that additional explosive devices, material to manufacture these devices, tools for the assembly of these dangerous devices, and/or receipts from the purchase of the component materials will be in the resident.

Affiant therefore requests that a search be permitted of 3237 California Street, Berkeley and a search of the buildings and trailer at 9494 Humphrey Lane, Redwood Valley for evidence relating to the manufacture or storage of explosive devices.

Affiant knows thru training and experience that persons involved in the manufacture of explosive devices attempt to conceal their true identity, therefore affiant requests that a search for indica which would tend to show residency and or control of the premises be permitted.

Affiant requests that this search warrant be endorsed for night service due to the wide publicity of the incident in the Berkeley and Redwood Valley area to prevent the concealment or destruction of evidence. This evidence would include items which are easy to conceal and remove from the residence.

Your affiant additionally requests night service for the residence located at 4531 Lower Thomas Ranch Road, Garberville, California because it is your affiant concern that one explosive device has already prematurely detonated and additional explosive devices and/or components could detonate causing additional serious injuries or even death to persons in the area.

WHEREFORE, affiant prays that a search warrant be issued, based upon the above facts, for the seizure of said property.

"The Lord's Avenger" caller then said that his group has about two dozen members and they are all "martyrs willing to die for Jesus." CALL WHICH WAS RECORDED BY UPI, THE MALE CALLER ADVISED, "THIS, THIS IS NO JOKE. WE ARE THE LORD'S AVENGERS. THE LORD OUR GOD IS JESUS CHRIST. LAST WEEK WE PUT THE PIPEBOMB IN THE CAR OF EARTH FIRST, THE PEOPLE IN UH, IN CALIFORNIA, WE KNOW THE BOMB." THE CALLER THEN INDULGED IN RELIGIOUS RHETORIC LINKING GORBACHEV WITH THE END OF THE WORLD, AS PREDICTED IN THE BIBLE. THE CALLER THEN STATED , "WE ARE DEPLOYED IN SAN FRANCISCO AROUND THE AIRPORT, ON BROADWAY, AT THE CONSUL GENERAL'S, AT STANFORD, AT THE FAIRMONT HOTEL, AT FISHERMAN'S WHARF AND AT GOLDEN GATE AND EVERYWHERE IN BETWEEN. WE'RE TWO AND TWO DOZEN MARTYRS FOR JESUS. WE'RE PREPARED TO DIE TO, TO EXPOSE THIS LIE. WE HAVE SHARPSHOOTERS ON HIGH, HANDGUNS DOWN LOW, BOMBS AND MISSILES ALL AROUND TOWN. WE ARE GOING TO ASSASSINATE GORBACHEV. FOR MORE INFORMATION THERE'S A TAPE AT SAN FRANCISCO INTERNATIONAL AIRPORT, NORTH TERMINAL TWO, ACROSS FROM UNITED CHECK-IN NUMBER 66 UNDER THE TABLE AT PHONE NUMBER 877-9410."

THIS CALL WAS PRECEDED BY CALLS TO UPI NEW YORK, UPI SAN FRANCISCO AND AP, SAN FRANCISCO. THE PREVIOUS CALLS WERE SIMILIAR IN CONTENT BUT NOT RECORDED. IN THE NEW YORK CALL THE CALLER ADVISED OF A CASSETTE TAPE LOCATED AT A DIFFERENT PAY PHONE AT AMERICAN AIRLINES AND CLAIMED A BOMB HAD BEEN PLACED IN THE LONT-FONTAINE THEATRE IN NEW YORK CITY (WHERE THE TONY AWARDS WERE BEING HELD) .

IDENTICAL 90 MINUTE CASSETTE TAPES WERE FOUND ATTACHED WITH DUCT TAPE UNDER THE SEATS OF THE PAY PHONE IDENTIFIED. INSIDE BOTH CASSETTE CONTAINERS WERE TWO PHOTOCOPIED TYPEWRITTEN PAGES OF SCRIPTURE QUOTATIONS AND OBSERVATIONS ABOUT PROPHECY.

REVIEW OF THE RECORDINGS DETERMINED THEM TO CONTAIN READINGS OF THE WRITTEN TEXTS AND STATEMENTS ABOUT END OF THE AGE PROPHECY BY THE CALLER AND SIMILAR RECORDINGS OF TV OR RADIO PREACHERS. THE CALLER/AUTHOR INTERPRETED GORBACHEV AS ACCELERATING THE END OF THE WORLD AND IDENTIFIED JUAN CARLOS (KING OF SPAIN) AS THE ANTI-CHRIST.

ADDITIONALLY, HE IDENTIFIED THE USE OF SOCIAL SECURITY CARDS, COMPUTER CHIPS, "GROCERY WAND SCANNERS", DIRECT BANK DEPOSITS AND COMPUTERS AS "THE BEAST OF REVELATION". THE ONLY REFERENCE TO GORBACHEV IN THE TWO WRITTEN TEXTS IS THE IDENTIFICATION OF GORBACHEV AS "THE RUSSIAN INVADER WHO STARTS WWII IN LEBANON."

AT THE TOP OF ONE OF THE TEXTS WAS THE HANDWRITTEN NOTATION: "MORE GOOD NEWS: 800-652-1144, [REDACTED] 800-422-DOUG, 800TITUS 35, 612 338-0500, 800-251-2660, AND 800-648-1300.

THE CALLER STATED TO THE EFFECT, "PEOPLE ARE GETTING KILLED AND HURT. SENATOR KEENE BETTER STOP HIS BILL." THE CALLER CONTINUED CONVERSATION ALONG THESE LINES, HOWEVER, NO SPECIFIC THREAT WAS MADE.

SENATOR KEENE ADVISED THAT APPROXIMATELY TWO OR THREE WEEKS

PAGE THREE DE FBISC 0017 UNCLAS

EARLIER HE HAD RECEIVED A TELEPHONE CALL FROM AN UNKNOWN MALE ON HIS PRIVATE, UNPUBLISHED LINE, LOCATED AT HIS SACRAMENTO RESIDENCE. THIS NUMBER IS KNOWN ONLY TO 20 OR 30 FRIENDS AND THE CALL WAS RECEIVED DURING THE EARLY MORNING HOURS WHEN HE WAS STILL ASLEEP. SENATOR KEENE NOTED THAT THIS INCIDENT OCCURRED ABOUT ONE WEEK AFTER THERE HAD BEEN CONSIDERABLE NEWS MEDIA COVERAGE REGARDING THE BREAKDOWN OF THE NEGOTIATIONS OF THE LOGGING ISSUE. SENATOR KEENE STATED THAT THE CALLER SPOKE WITH AN EDUCATED BUT NERVOUS TYPE VOICE AND STATED, "SENATOR, SENATOR, YOU BETTER STOP FUCKING AROUND." SENATOR KEENE ASKED THE CALLER WHAT HE MEANT, TO WHICH THE CALLER REPLIED, "YOU KNOW WHAT I MEAN. YOU LIKE TO CUT TREES, MAYBE WE SHOULD TAKE AN AX TO YOUR LIMBS. JUST KEEP IT IN MIND, SENATOR." THE CALLER THEN HUNG UP. SENATOR KEENE ADVISED HE HAS NO IDEA WHO MADE THIS PARTICULAR TELEPHONE CALL.

SENATOR KEENE ADVISED THAT SOMETIME AROUND APRIL 17TH OR 18TH, 1990, HIS VALLEJO, CALIFORNIA OFFICE RECEIVED IN THE NORMAL MAIL A TYPED NEWS RELEASE DATED APRIL 13, 1990 FROM THE ENVIRONMENTAL GROUP "EARTH FIRST". THIS NEWS RELEASE CONTAINED A HANDPRINTED NOTE TO "BARRY KEENE" WANTING TO KNOW IF HE WAS GOING

PAGE FOUR DE FBISC 0017 UNCLAS

TO DO SOMETHING ABOUT THIS, REFERRING TO THE EARTH FIRST MESSAGE.

THE PRINTED MESSAGE CONTAINED NO THREATS.

SENATOR KEENE WAS APPRISED OF THE FBI'S JURISDICTION IN  
MATTERS OF THIS NATURE AND HE WAS REQUESTED TO PROMPTLY ADVISE  
THE FBI SHOULD HE RECEIVE ANY ADDITIONAL TELEPHONE CALLS OR MAIL  
THAT COULD POSSIBLY BE IN VIOLATION OF FEDERAL LAW.

SACRAMENTO DIVISION IS CONDUCTING NO ADDITIONAL  
INVESTIGATION REGARDING SENATOR KEENE'S ASPECT.

[redacted] stated that he had received a letter written by an unknown individual addressed to the Pacific Lumber Company, Humboldt, California. This letter eventually made its way to the President of the Pacific Lumber Company, JOHN CAMPBELL, located in Scotia, California, telephone number 707-764-2222.

After receiving the threatening communication, CAMPBELL sent the letter to [redacted] who is also an employee of the Pacific Lumber Company in Los Angeles, California. The letter in turn was turned over to [redacted]

b7C

On 7/10/90, SA [redacted] contacted [redacted] and advised him to send the aforementioned letter and envelope to the San Francisco Office of the FBI, directed to Special Agent [redacted]. [redacted] stated that even though the letter and envelope had been handled by numerous individuals, he would secure it as best he could and forward it to the San Francisco Division of the FBI.

b6  
b7C

[redacted] advised that the letter was postmarked June 30 and mailed from San Francisco. He could not be positive, but he thought the letter was received by JOHN CAMPBELL on or about July 5, 1990. [redacted] noted that the only address on the envelope was Pacific Lumber Company, Humboldt, California. For this reason, he could not be sure how long the letter actually took to be forwarded to CAMPBELL, who is located in Scotia, California.

1 INVESTIGATION OF THIS MATTER CONTINUES, AS WELL AS THE SAN  
 2 FRANCISCO FBI INVESTIGATION. THIS STATEMENT BY THE ALAMEDA  
 3 COUNTY DISTRICT ATTORNEY WAS MADE TO CLEARLY SHOW THAT ALTHOUGH  
 4 THERE MAY BE EVIDENCE SUFFICIENT TO CHARGE THE TWO SUBJECTS, THAT  
 5 CONVICTION IS THE ULTIMATE AIM.

6 SAN FRANCISCO HAS DEVELOPED A SOURCE THAT INDICATED PRIOR TO

 11 CAPTIONED SUBJECTS WERE BLOWN UP WHILE DRIVING THEIR VEHICLE IN

 13 INTERVIEWED ASSOCIATED WITH THEM, INDICATED THAT CHERNEY AND BARI  
 14 WERE EN ROUTE TO SANTA CRUZ, CALIFORNIA WHEN THE BOMB EXPLODED.

15 TO DATE THE FOLLOWING EVIDENCE IN REGARDS TO CHERNEY'S AND

1 AN OAKLAND POLICE DEPARTMENT - ALAMEDA COUNTY SEARCH WARRANT.  
 2 THE LABORATORY HAS STATED THAT THE TWO COMPARED GROUPS OF NAILS  
 3 WERE MANUFACTURED BY THE IDENTICAL STAMPING MACHINE AND  
 4 ADDITIONALLY WERE MADE WITHIN A RELATIVELY SHORT, LESS THAN EIGHT  
 5 HOUR, TIME SPAN.

6 3. THE FBI LABORATORY HAS COMPARED THE TWO BOMBS, THE ONE  
 7 FROM CLOVERDALE, CALIFORNIA THAT MALFUNCTIONED AFTER BEING SET TO  
 8 DETONATE AT THE LOUISIANA PACIFIC LUMBERYARD AND THE DEVICE THAT  
 9 DETONATED IN OAKLAND. THE LABORATORY INDICATES THAT BOTH DEVICES  
 10 WERE CONSTRUCTED BY THE SAME PERSON OR PERSONS.

11 4. A LETTER AUTHORED BY "THE LORD'S AVENGER" CLAIMING  
 12 CREDIT FOR THE OAKLAND AND CLOVERDALE DEVICES HAS BEEN EXAMINED  
 13 AT THE FBI LABORATORY. THE EXPLOSIVES UNIT INDICATES THAT BASED  
 14 ON THE DETAILED INFORMATION PROVIDED IN THE LETTER THAT IT IS THE  
 15 LABORATORY'S CONCLUSION THAT THE AUTHOR OR AUTHORS IN FACT HAD  
 16 DIRECT ACCESS TO SPECIFIC INFORMATION ABOUT BOTH DEVICES TO  
 17 INDICATE THE AUTHOR'S CLOSE PARTICIPATION, EITHER DIRECTLY OR  
 18 INDIRECTLY, WITH THE BOMB MAKER. ADDITIONALLY, THE DOCUMENT

Some didn't like her platform and maybe responsible  
for the bombing. ☺ In other words, now you  
have a faction of the abortion-people as suspects.

On 8/1/90, at approximately 7:00pm, Southbound on Interstate 780, writer observed a large semi-truck transporting a flatbed trailer loaded with a full load of new lumber; the trailer bore California license 1UK2403, and the truck cab and trailer mud flaps bore a company name of "DON E. NOLAN, Fortuna, Ca.". Of note, on the rear bumper of the flatbed trailer, just above the license plate, there was displayed a bright yellow bumper sticker, which in bold black print stated "JOBS FIRST!", and then to the right of this print, also in black, was the image of a closed fist which had been circled around and had a slash through the middle in red. The image of the closed fist was recognized by writer to be identical to the symbol of a closed fist utilized by the environmental group EARTH FIRST!. A sketch of this bumper sticker is featured below:

It is clear that this bumper sticker was intended to be a parody of the EARTH FIRST! logo; however, the red circle around and slash through the fist seems to suggest that the driver &/or owner of the above described lumber truck is opposed to the EARTH FIRST! movement.

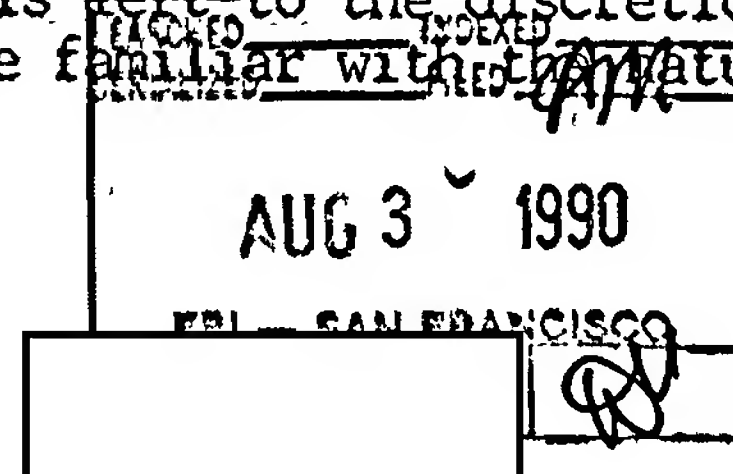

The above observation is being documented, inasmuch as captioned victim, JUDITH BARI, who is a leader within the EARTH FIRST! group, has indicated that she has been the recipient of numerous death threats, which she feels are probably originated from the lumber companies, lumber workers &/or loggers in Northern California, who feel that the efforts of the EARTH FIRST! group to save all the redwood trees are placing their jobs in jeopardy.

ACTION: Further action re the above observation is left to the discretion of SSA [REDACTED] and SA [REDACTED] who are more familiar with the nature and course of captioned investigation.

Dear [Redacted]

The Federal Bureau of Investigation (FBI) is conducting an official investigation of the May 24, 1990, bombing of the automobile of Judith Bari. As you may know, the Santa Rosa Press Democrat received a letter after the bombing in which the author claimed credit for the bombing and criticized Judith Bari's stance on the abortion issue (the "Lord's Avenger letter").

As part of this investigation, the FBI is attempting to identify the author of the Lord's Avenger letter. In that regard, we are asking for your cooperation in making available for review by investigators from this office, letters you have received regarding the redwood timber and abortion rights issues. It is further requested that originals of typed letters and those with text similar to the letter claiming credit for the crime be furnished to our investigators for submission to the FBI Laboratory for comparisons.

A receipt will be given for any letters furnished and upon completion of examination, all letters determined to be unrelated to the credit letter will be returned.

In the next few days you will be contacted by a Special Agent of the FBI who will make arrangements for the transmittal of any letters that you are willing to share with us. Your assistance in this matter will be greatly appreciated.

If you have any questions about the foregoing matters, please feel free to call Special Agent [Redacted] at 415-671-7330. Thank you.

Dear [Redacted]

The Federal Bureau of Investigation (FBI) is conducting an official investigation of the May 24, 1990, bombing of the automobile of Judith Bari. As you may know, the Santa Rosa Press Democrat received a letter after the bombing in which the author claimed credit for the bombing and criticized Judith Bari's stance on the abortion issue (the "Lord's Avenger letter").

As part of this investigation, the FBI is attempting to identify the author of the Lord's Avenger letter. In that regard, we are asking for your cooperation in making available for review by investigators from this office, letters you have received regarding the redwood timber and abortion rights issues. It is further requested that originals of typed letters and those with text similar to the letter claiming credit for the crime be furnished to our investigators for submission to the FBI Laboratory for comparisons.

A receipt will be given for any letters furnished and upon completion of examination, all letters determined to be unrelated to the credit letter will be returned.

In the next few days you will be contacted by a Special Agent of the FBI who will make arrangements for the transmittal of any letters that you are willing to share with us. Your assistance in this matter will be greatly appreciated.

If you have any questions about the foregoing matters, please feel free to call Special Agent [Redacted] at 415-671-7330. Thank you.

Dear Ms. Foster:

Your July 10th letter to Director Sessions regarding the recent arrests of Ms. Judi Bari and Mr. Darryl Cherney in Oakland, California, has been brought to my attention.

These arrests were initiated by the Oakland, California, Police, who are conducting an investigation into the bomb that exploded in Ms. Bari's car on May 24th in Oakland. The FBI is investigating this matter jointly with the Oakland Police. Since this is an ongoing case, it would be inappropriate for me to provide specifics about the investigation.

With regard to your reference to threats made against Ms. Bari, those would be matters addressed by the local law enforcement authorities where the alleged threats took place. The FBI has no authority to investigate such incidents.

Sincerely yours,

Nicholas V. O'Hara

Dear Mr. Sessions,

I am writing in outrage at the recent arrest of environmental activists Judi Bari and Darryl Cherri in Oakland, Calif. on suspicion of possessing and transporting explosives.

Both are committed to non-violence in their dedicated environmental activism. When the bombing occurred, they were at the end of a successful musical tour/campaign and had no reason to be carrying explosives.

When the police can take the nails out of the window frames of the victim's house

for evidence against her, but  
refuse to investigate any other  
leads, even though the victim  
has received death threats and  
has survived a previous attempted  
murder, something is obviously  
and seriously wrong with the  
police investigation.

I urge you to take  
action to see that the  
investigation is reopened,  
to discover who has been  
making continuous threats on  
Judi Bari's life, and who  
really planted the bomb  
in their car.

Yours truly,

vehicle beneath the drivers seat, sent shrapnel and car parts into BARI, and her passenger, DARRYL CHERNEY. BARI and CHERNEY are self-proclaimed members of the environmentalist group "Earth First."

Debris from the explosion was found covering the entire intersection and the adjacent business district. Also at the scene were two vehicles that were traveling with BARI's vehicle at the time of the explosion.

The injured parties and their traveling companions all asserted that the device had been placed in an attempt to assassinate BARI, who is described by associates and herself as a member of Earth First. Persons claiming to represent Earth First contacted the FBI and stated that both BARI and [redacted] had been the subject of death threats and physical harassment for their environmental activities. It is noted that BARI and [redacted] have been in the news recently because of their involvement with "Mississippi Redwood Summer", an event sponsored in part by Earth First to conduct protests against the logging industry in Northern California. This event's name refers to the civil rights protests in Mississippi during the 1960's. [redacted] was also previously arrested by the California Highway Patrol for attempting to climb the Golden Gate Bridge on April 30, 1990, to hang an Earth First banner.

A review of the crime scene revealed the IED that detonated in BARI's vehicle consisted of a 12 inch by 2 inch galvanized pipe nipple with threaded end caps, a nine volt Duracel battery, a pocket watch, wires connected to a light bulb wrapped in electrical tape inside the pipe, and the entire device wrapped in duct tape with finishing nails contained inside the tape. The charge was a mixture of potassium chlorate and aluminum powder.

b6  
b7C

The injured parties are identified as follows:

JUDITH BEATRICE BARI, date of birth 11/7/49, female, white, brown hair, brown eyes, 5', 110 pounds, California drivers license number C0263707, addresses: 9491 Humphrey Lane, Redwood Valley, California and P.O. Box 309, Redwood Valley, California. BARI is unemployed and has [redacted] Her residence on Humphrey Lane is a structure she is reported to have constructed herself. Adjacent to BARI's residence, within 50 feet, is her [redacted] trailer/shed residence and a home under construction being built again by [redacted] All residences are on the same parcel property.

174A-SF-90788  
WRH/dld

BARI's educational background is unclear, however, she maintains an active role as a leader in the Industrial Workers of the World (IWW), aka Wobblies, and is a major leader in the environmental movement in Northern California. BARI is reported to be an accomplished musician (fiddle and guitar). She had recently broken off an intimate relation with [redacted]

[redacted] date of birth [redacted] male, white, brown hair, brown eyes, 5'6", 130 pounds, addresses: [redacted] California and [redacted] California. [redacted] is reported to have graduated with a

Although [redacted] was not a victim, nor even at the scene of the May 24, 1990, bombing, his background information is provided for reference. [redacted] was born [redacted] white male, educated at [redacted] currently [redacted]

[redacted] is believed to still be actively involved in environmental issues, however, not in a public nature. He has several [redacted] in the past concerning an environmental issue.

Investigation has shown prior to the bombing on 5/24/90, BARI had been actively mediating with various persons connected with the lumber industry so as to alleviate violence at future protests.

The description of both devices claimed in the Lord's Avenger letter have been confirmed as accurate by FBIHQ Laboratory. Therefore, the importance regarding the letter writer, or Lord's Avenger, is paramount in that he/she had either constructed the devices or was party to their fabrication. The Cloverdale, California bombing described in the letter is also actively being investigated by the FBI.

Re: Request for Letters from  
The Santa Rosa Press Democrat

Dear Mr. Held:

I write in response to your letter to [redacted]  
[redacted] of The Press Democrat in Santa  
Rosa, dated August 6, 1990. Your letter appears to request  
a broad spectrum of letters-to-the-editor submitted to The  
Press Democrat over the last several months.

b6  
b7C

Unfortunately, we cannot comply with your request.  
Authors of letters-to-the-editor are considered a  
newspaper's sources of information, just like any other  
sources would be. Hence, disclosure of the materials you  
seek would be protected under the California Shield Law and  
the California Constitution. As I am sure you are aware,  
this protection is an absolute one, subject only to  
balancing if a sufficient showing is made by a criminal  
defendant in furtherance of his fair trial rights. See  
Delaney v. Superior Court, \_\_\_ Cal. \_\_\_ (May 1990).

Moreover, in contrast with the "Lord's Avenger  
letter" itself which, we believe, was not sent to us for a  
news publishing purpose and which appeared to be critical  
evidence in your investigation, the letters you now seek can  
hardly be classified as similarly critical. Under these  
circumstances, even if the privilege were not absolute --  
which it is -- compelled disclosure of these documents would  
not be upheld.

Thus, for the very reasons why the courts have  
recognized a privilege, The Press Democrat is constrained

from providing them to you voluntarily. Certainly you recognize the problems which would be caused to our readers and potential letter writers if they learned that the newspaper was voluntarily giving to the FBI letters they had written to our newspaper, many of which were about sensitive issues and/or which were never published.

Thank you for your cooperation in this matter.

Very truly yours,

/rey

Dear [REDACTED]

I have forwarded only two hard copies of this document (in addition to some sealed diskettes). Please do not publish it or refer to it in print and please do not give out hard copies, certain people can identify my writing style and my personal safety has already been compromised enough.

I did not forward a copy to the Cherney/Bari defense counsel, it would not be taken seriously and I would only be further compromised. If you think it wise to show a copy to the private investigator hired by Greenpeace please do so, but only under the strictest conditions of confidentiality.

It is a valid theory which must be thoroughly investigated. I make no accusations. If an investigation totally clears these two men then I have done them a service by removing much doubt and suspicion. If they are tried, then justice will have been done for Judi.

To: [redacted]

and

Cooperating Associates.

Subject: The Bari/Cherney bomb incident.

Friendly salutations to you all:

Synopsis of a Theory.

Judi Bari was the target of a personally motivated murder attempt. This person knew her and was close to her and he used his position to carry out a scheme to eliminate her from the public scene. While his reasons were rationalized ideologically his motives were strictly personal; seething, violent jealousy. To cover his act and to gain a dramatic medium for bringing himself before the public eye he made it look as though he also was a victim of that attack. This man is desperate and violent and he must strike out at anyone who threatens to expose him.

b6  
b7C

This is a theory based on circumstance and implication, it is not an accusation. I cannot develop the evidence and give it to you nor can I give testimony, but the evidence is there and the testimony is there, it can be gotten. The two people most strongly implicated by circumstance in such a scenario would be

[redacted]

I will outline my reasons for proposing this theory in the following form:

- 1) Judi Bari did not know there was a bomb in her car.
- 2) The detonation was not an accident.
- 3) This does not look like a professional sandbagging job.
- 4) [redacted] may not really be a [redacted]
- 5) [redacted] had motive and psychological predisposition.
- 6) It was an inside job all the way.
- 7) [redacted] is strongly implicated as a planner/accomplice.
- 8) Missing and unexplained elements can be developed.
- 9) The doer is already compounding errors.

Some of my statements below contain comments and observations which would be obvious to a forensic examiner (or not technically precise, as the case may be). I state them here only for the sake of illustrating the argument, please excuse the lapses.

3

### I. Judi Bari's Innocence.

There is a great body of testimonial evidence to support the argument that there is a strong dichotomy between the emotional personalities and operational philosophies of [redacted] in this incident. Judi Bari had too much to lose and nothing to gain by getting involved in some asinine bombing stunt. Call her inattentive, call her overly trusting, call her even an unconsciously willing victim, but Judi Bari is not a violent terrorist or murderer. She did not know there was a bomb in her car, it could easily have been disguised so that she would not notice it as unusual. [redacted] was headed for a fall sooner or later anyway, no one will miss him.

### II. Purposeful Detonation.

This explosion does not seem to have been accidental and I think this can be proven if the clock is still intact (see VIII-A below). Apparently, the bomb was at least partially armed or "off safe" at the time of the explosion (See Appendix A). At any rate, the defense cannot contest the purposeful detonation argument because to do so would incriminate their client.

### III. It Was Unprofessional.

b6  
b7C

A) I will concede that the incident does not look like any kind of government/corporate sponsored professional sandbagging operation, there are easier ways to do it with much less risk of detection and identification. (see Appendix B).

B) I have to rule out loggers, they wouldn't have the information and it's not their style.

C) On the other hand, you don't have to see a road killed skunk to know that it might be there. This [redacted] is a real spooky character, catch my drift? This boy smells like some kind of JDL reject looking for a little field action.

CHECK...IT...OUT...DUDES!

I hope he's got a real conscientious guardian angel because if he's dirty and somebody fucks up and lets him get away you folks are going to look like the BAD GUYS!

### IV. [redacted]

A small charge black powder blast set off inside a car is eminently survivable. [redacted]

[redacted] (ask a professional explosives stunt performer). Judi Bari would not

-3-

have blown herself up to gain public attention, she was riding the crest, she was on the verge of a great breakthrough. But, what better cover could the doer have than to [REDACTED]

[REDACTED] It's a desperate gamble but what would that matter to the perpetrator if he were a psychologically and emotionally desperate man with everything to gain by it and nothing to lose. (see below and read the crucifixion section of the "Passover Plot") This whole scene has the signature of a "Guerrilla Theater" protest stunt, acted out, this time, to a very desperate and dangerous extreme.

b6  
b7C

V. [REDACTED] Had Motive and Predisposition.

A) [REDACTED] had a personal motive for wanting Judi Bari out of the way. It's widely though tacitly known among their mutual acquaintance that he chafed terribly under her rise to prominent leadership while his own role was diminishing, and that he rankled at her proven ability in areas where he could only demonstrate ineffectuality. He can be shown to have been in a highly frustrated and unbalanced state of mind prior to the incident.

B) At one time their relationship was in a relatively balanced and harmonious state, and as long as he was a big fish in a small pond and had a steady outlet for his very powerful emotional needs he could blow off steam slowly and safely. But the game changed and with Judi Bari's rise to stardom the relationship became inverted. With the lid firmly clamped down on him and with the fire turned up under the pot, he literally blew up.

C) As he constructed it in his mind, or as he may have been convinced, in this unbalanced emotional and mental state, he had to remove her from the public scene, and he had to punish her also. He acted in a cold and calculating manner but his modus operandi was typically theatrical and dramatic, and his attack on her was brutal and personal. (see Appendix C)

VI. It Had To Be An Inside Job.

If this was an assassination attempt it had to be an inside job. Whoever planned the attempt had to have a detailed knowledge of Judi Bari's itinerary and, more specifically, they had to be familiar with her personal traveling habits, probably intimately familiar. This person knew enough about her to be able to hide a small, low power bomb in plain sight, near enough to her to kill or seriously injure her. The person who placed the device had to know when and where her car or her belongings could be approached without the activity being noticed as unusual.

(5)

VII. [ ] Is Implicated As A Planner/Accomplice.

A) To slip out of the Wednesday meeting unnoticed sometime before midnight to set the timer and transfer the bomb from [ ] van to Bari's car would mean real tight timing to hit an 11:45 a.m. detonation, too tight for comfort (I'm assuming a slightly less than 12 hour run time). These people had enough time for breakfast and leisurely activities before leaving, on schedule, for Santa Cruz. An experienced time manager would arm the bomb that morning, at the last possible instant, by the book.

B) Why was [ ] so publicly specific about his whereabouts between 8:20 and 9:00 a.m.? Can his story be corroborated? What was he doing, discarding something (like a guitar), putting something somewhere (like a bomb into an instrument case)? Who put Judi Bari's instrument case into her car? Would the weight of a bomb match that of a guitar?

C) Is it possible that [ ] could have given the bomb to [ ] at an earlier date and that [ ] could have placed the bomb with the timer set to go off at a preplanned time and place? Is [ ] capable of this kind of systematic planning on his own?

D) The person who set the timer would have known almost to the minute when and approximately where the bomb would have gone off. If [ ] left for work at 11:30 a.m. what would his normal route to work have been and how is it that he showed up at the bomb site minutes after the explosion? Did he know something? Couldn't he stay away? Did he have to see his job?

b6  
b7C

VIII. Missing And Unexplained Elements.

A) If the timer is still intact, and if it was a mechanical clock, it will contain a lot of information. If the alarm switch on the timer was closed at the time of the explosion, the explosion is proven to have been intentional and Judi Bari's car is indicated as the target. If the clock spring is intact and if it had been fully wound then the run time before the explosion can be approximated (see IX, A below).

B) If the bomb was hidden in a musical instrument case that would tell a lot about targeting, intent and opportunity. It rules out [ ] only plausible supposedly "non-violent" target option, a fake car bombing on the Santa Cruz campus, because the case would have been removed from the car and taken into the rally. Can the instruments and their cases be reconstructed to determine where the bomb was hidden? Is one of the instruments missing? (see Appendix D)

C) The idea that incriminating bomb materials may have been found at Judi Bari's house does not refute the above arguments. Materials could have been placed there by him to implicate her, for whatever reasons, or he could have used materials from her house without her knowing what they were being used for.

5

IX. A Compounding Of Errors.

The "Demon Letter" writer could be one of the perpetrators getting nervous and trying to cover possible mistakes. Note how he's trying to introduce the element of a malfunctioning timer to deflect suspicion (clock spring?). Note the parodied religious element to the letter and the reference to "tree worshipper" versus [redacted] The "meeting with the loggers," wasn't that inside information? Was [redacted] part of that meeting or was he excluded? Does the abortion theme somehow tie into [redacted] Does the pronounced writing style look familiar? All sign posts, perhaps, of the rebellious little boy trying to cover his dirty little deed, yet, at the same time begging to be punished.

Was [redacted] reaction to the FBI's implied accusation shock, dismay, or confusion, or was it glaring bad boy defiance? Compare this with Bari's reaction. [redacted]

[redacted] wasn't he actually bragging?

Summary and Conclusion.

Judi Bari is no fanatical bomber, every knowledgeable observer will confirm that, it doesn't fit! She was the target of an attack, however, and a careful process of examination and elimination should be able to determine specifically who targeted her for an attack and who carried it out. Circumstances relative to inside knowledge, ease of opportunity, mode of operation and personal motive clearly implicate two people as possible co-conspirators and perpetrators in this case.

If this theory is correct, there is an unstable and violent individual on the loose who must now strike out at anyone who may know his secret and threatens to expose him. Judi Bari is still in danger, if he suspects that the game is up he may try to finish the job.

DON'T LET HIM NEAR HER!

Thank you,

Lt. Colombo's Poker Pal.

APPENDIX A.

Accidental detonation in this case is not likely.

[redacted] explosives use and handling which included the operation of timed electrical detonating devices. My memory may be a little faulty and my information is dated, please excuse the lapses.

b6  
b7C

1) Detonation by static spark would occur when the device is removed from the vehicle at the end of a long trip. Since static charge bleeds off when the vehicle stands still over night a static spark is not likely to occur with the device sitting still inside the vehicle at the beginning of the trip.

2) Friction ignition of black powder generally occurs in hot, dry ambient conditions and is induced by a hard jarring shock or by excessive compression. Not likely in this case.

3) The most frequent case of accidental detonation, by far, as I remember it, was mishandling of the timer/power source during arming. You've heard about the absent minded anarchist who blew himself up because he got the arming procedure backwards? He hooked up the battery, set the time, tried to set the alarm, missed it, and tried to reset the alarm. To avoid accidents of this sort battery connection was always left until the last possible instant and the detonator/timer leads were always disconnected from the battery and taped 2" apart to a non-conducting surface during transportation. I'd be very surprised if the "Mad Bomber's Manual" did not contain a similar safety warning.

4) I have to assume from the above, therefore, that the bomb in Judi Bari's car went off because it was at least partially armed, or "off safe" with the battery hooked up. Whether or not it went off as timed is yet to be determined.

APPENDIX B.

This action was elaborately planned but not professionally done.

1) Speaking cynically of course, let's assume that neither the government nor corporate interests would try a hit or some kind of burn operation on their own, their employees could not be trusted to do the job right and keep their mouths shut for very long. The M.O., I believe, would be to hire a professional.

2) The idea that this would be a some kind of messy down town burn job is ridiculous. A pro would use the cover of the woods where a set-up could be done without observation. There would be no survivors, and no pro would leave the fate of a big paycheck to the questionable operation of some glorified firecracker.

/ 1

3) As for this [ ] if this boy is some sort of agent provocateur his runner should be given a gentleman's choice. (8)

#### APPENDIX C.

1) In 1988 I observed [ ] at the end of the [ ]

[ ]  
inattentive and departing crowd, perhaps humiliated and frustrated at his inability to inspire and hold them. Check the video tapes of the rally, what would an expert say about this?

2) Could [ ] be described as a messianic wannabee, a quasi-military exponent of the "Guerrilla Theater" protest style whose main emotional outlet was being blocked by Judi Bari's peaceful strategy overriding his own, by her organizational skills where he was all frantic confusion, by her ability to win over macho loggers where he had no hope of success, and by her rise to leadership and fame which only emphasized his own fading role? The opportunity for realizing his great charismatic leadership role was before him but slipping away because of her. Under prolonged stress and fatigue could he have been convinced(\*) that she was a threat to his messianic mission who had to be sacrificed for the greater good as he interpreted it in terms of his own increasingly desperate needs?

b6  
b7C

3) I'm not an expert observer of such things of course, but what would an expert say?

\*(BA/DT)?

#### APPENDIX D.

1) Lets assume that [ ] the bomb in Judi Bari's car without her knowledge or consent. His alternative targets might have been (sites unspecified):

- a) a daylight placement before or during the rally,
- b) a fake car bombing of Bari's empty car during the rally,
- c) a bombing of the rally itself,
- d) a daylight placement after the rally,
- e) a night time placement after the rally,
- f) an attack on Bari on her way home,
- g) an attack on Bari en route to the rally.

2) I don't think he would have tried to gain her consent to a night time bombing after the rally, she had too much to lose by such a stunt and you can imagine the scene. And, if that was his intention, why was the bomb off safe that morning?

8

9

3) There was not enough time and there was too much risk of observation to try placing a bomb in broad daylight before, during or after the rally.

4) I rule out transfer to a third party because it would be easier and safer to send instructions and a few necessary parts.

5) That leaves an attempted fake car bombing stunt during the rally (i.e., leaving the bomb to go off in Bari's empty car), an attack on the rally itself, a direct attack on Bari either en route to the rally, or setting the bomb to go off as she was on her way home.

6) An attack timed to take place during or after the rally (whatever the target might have been) is not likely because traffic delays could hold them up, the bomb could go off on the freeway, and Cherney's chance of survival would be greatly reduced.

7) If the bomb was placed in a musical instrument case which would have been taken out of the car and opened during the rally, the options of a fake car bombing on campus and a bomb attack on her after the rally are ruled out entirely.

8) This seems to leave only an attack on Judi Bari en route to the rally as a logical option. In order for [redacted] to have a [redacted] in this attack, and also to simplify the time management problem, the bomb would have to be set to go off on the Oakland city streets.

b6  
b7C

9) As is stated above, the timer had to be set and the bomb placed sometime between midnight and 9 a.m..

Kudos to the corporate sponsored/ National Security Council fortified Oligarchy for a brilliantly conceived, well engineered, and almost perfectly executed pre-emptive strike on Earth First!, Redwood Summer, and most importantly, the Forest Forever initiative.

Closely following the rapidly unfolding events of the last week, I was, at first, worried that even with the unwitting complicity of the Oakland and Federal Police Forces, you were going to try to make the unlawful-transportation-of-explosives charges against Cherney and Bari stick with only the illogical and flimsy circumstantial evidence of bomb type and location in the car. I mean give me a break — even I, with my "slim-jim", can get in your car and plant, where you'd never think to look, a device that <sup>when detonated</sup> would leave nothing more than a grease spot at the bottom of a crater, and be gone in 30 seconds, 60 if I have to disarm your alarm.

The standard issue "student" radical model pipe bomb planted in, of all places, Berkeley was a masterful stroke. But I'm affraid that not even Alameda's '60s prosecutor, Big Ed Meese, could keep a federal judge from throwing that one out of court for lack of anything substantial, though I suppose you'll have no trouble holding off those proceedings until sometime after November.

Hell, with the aid of the drumbeating corporate press you should be able to completely discredit those Earth First!ers as a bunch of armed insurrectionists running loose up here in the redwoods. Who cares if the case is dropped after election day? By then the southern California couch-potato constituency will be convinced that Forest Forever is a plot to get the taxpayers of the state to provide those eco-terrorists a sanctuary so that they'll have a home-base to launch their attempt to overthrow our corporate-colonial system of dumbocracy. Their initiative is as good as dead.

Of course you'll have to explain why those avowed non-violent whimps were transporting the pipe bomb while it was hooked up to that Mickey Mouse timer and Eveready 9 volt, and why, so armed, they were sitting on top of it for chrissake. And why an organized militia would place a highly illegal

object with two of their most important commanders at point, leading the convoy, and why such a volatile contraband would be carried in their vehicle and not in some subordinate's that could be sacrificed if something went wrong.

Thank God, your scheme entailed planting evidence not only in their Subaru but in both of their houses as well. That's conclusive enough for most of us. But a suggestion for next time — secure the suspect's premises a little quicker less the eco-sympy, like those at the Mendo Enviro Center, get there first. I have to admit, the surprise I experieced was how utterly unprepared and naive they are.

And well engineered; those idiots thought you were trying to kill them! Don't they recognize a surgical strike when they see it. If you don't mind a little expert criticism though, you should have been a tad bit lighter in the gunpowder department to avoid the danger of popular sympathetic backlash. It's absolutely vital to your cause that the public views the conspirators as perpetrators and not victims.

And almost perfectly executed; <sup>well</sup> I'm affraid your independent contractors left their calling card at this one — but more about that later, gotta run. Myself, I plan on being wherever those Mississippi Summer campers aren't. See you in the woods.

For the information of Phoenix and Sacramento, at approximately 11:50 a.m. on 5/24/90, an improvised explosive device detonated inside a vehicle driven by JUDITH BARI at the intersection of Park Avenue and 34th Street in Oakland, California. The device tore a three foot by two foot diameter hole in the floor of the car behind the driver seat, sent shrapnel and car parts into BARI, and her passenger, DARRYL CHERNEY. BARI and CHERNEY are self-proclaimed members of the environmentalist group Earth First.

The injured parties and their traveling companions in other vehicles accompanying them, assert the device had been placed in an attempt to assassinate BARI.

Prior to the bombing BARI and [redacted] had been in the news because of their involvement with "Mississippi Redwood Summer", an event sponsored in part by Earth First to conduct protests against the logging industry in Northern California. This event's name refers to the civil rights protests in

REQUEST OF FBIHQ LABORATORY - FINGERPRINT SECTION

Compare any latent fingerprint recovered from the original specimen labeled Q2 (photo item number 6) with that of fingerprints of [redacted] previously submitted under San Francisco airtel, dated 5/3/90, 174A-SF-90844. Further compare any latents recovered from previously submitted document "Trees Spiked On All Species", submitted in San Francisco airtel to FBIHQ Fingerprint Section, dated 8/16/90, to that of [redacted]

Enclosed for the FBIHQ Laboratory are five photocopies and one 5" x 7" color photo described as follows:

b6  
b7C

1. Photo copy of envelope addressed to Assembly Member DAN HAUSER, from a Concerned Citizen.
2. Photocopy of communique titled "Trees Spiked On All Species" - Forest.
3. Photocopy of California Highway Patrol information form with the name of [redacted]
4. Photocopy of communique titled "Environmentalists Sabotage Santa Cruz".
5. Photocopy of communique titled "Animal Activist Raid Research Facility".
6. 3" x 5" color photograph of communique titled "LP Screws Mill Workers".

The communique pictured in item number 6 was left at the scene of the 5/9/90, Louisiana Pacific Corporation Lumber Mill bombing.

The communiques on items number 4 and 5 were received in relation to the April 22 - 23, 1990, sabotage of the Pacific Gas and Electric powerlines in Santa Cruz, California.

Item number 3 is a photocopy of a form filled out by [redacted] after her arrest on [redacted] at the Golden Gate Bridge by the California Highway Patrol (CHP). Interest of note is [redacted] completed the form under the name [redacted]. [redacted] Of further interest is directions on the form specifically instruct to write not print, yet [redacted] printed. It was observed by San Francisco that on line #14 the "C" [redacted] used in quick appears very similar to communiques previously described.

b6

Items number 1 and 2 are photocopies of a communique sent to Assembly Member DAN HAUSER. The envelope, item number 1, appears to use printing common to all previously described communiques.

# ANIMAL ACTIVIST RAID RESEARCH FACILITY

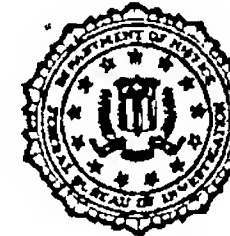

IN THE EARLY MORNING HOURS OF MARCH 10, MEMBERS OF THE ANIMAL LIBERATION FRONT (A.L.F.) RAIDED AN ANIMAL RESEARCH LABORATORY IN SOQUEL, CALIFORNIA LIBERATING 40 RABBITS BEING SUBJECTED TO PAINFUL EXPERIMENTS. THE FACILITY, E.L. LABORATORIES, 4003 CHERRYVALE LANE, OPERATED IN A RESIDENTIAL DISTRICT, RESPONDED TO THE INCIDENT BY STRONGLY DENYING IT EVER HAPPENED, AND PAINTING OVER SPRAY-PRINTED SLOGANS SUCH AS, "EASTER BUNNY STRIKES AGAIN", "HAPPY EASTER, A.L.F.", AND "STOP TORTURING ANIMALS." THIS ATTEMPT TO HIDE THE TRUTH, THAT E.L. IS A CONCENTRATION CAMP FOR ANIMALS WILL NOT GO UNCHALLENGED, AND THE A.L.F. SHALL RETURN TO E.L. TO RESCUE THE OTHER RABBITS IMPRISONED IN THE ANIMAL HELL. THE OUTLAWED A.L.F. ACTIVIST ALSO DAMAGED THE VIVISECTIONISTS' TRUCK IN WHAT HAS BECOME AN EASTER TRADITION IN WHICH RABBITS BEING USED IN CRUEL EXPERIMENTS ARE RESCUED TO HIGHLIGHT THE IRONY THAT WHILE WE ~~WE~~ CELEBRATE AN ANIMALS' LIFE, HUMANS SIMULTANEOUSLY TORTURE MILLIONS OF RABBITS EVERY YEAR IN AMERICA ALONE. THE LIBERATED RABBITS ARE RECEIVING VETERINARY ATTENTION BEFORE BEING TAKEN VIA THE UNDERGROUND RAILROAD, TO SAFE HOMES WHERE THEY CAN LIVE OUT THEIR NATURAL LIVES FREE FROM TORTURE AND ABUSE. THEY WILL SPEND THEIR EASTER SUNDAY EATING FRESH ORGANIC CARROTS/AND OTHER VEGETABLES FOR THE FIRST TIME IN THEIR LIVES. THE A.L.F. BELIEVES THAT ALL ANIMALS ARE INDIVIDUAL SENTIENT BEINGS WITH INTERESTS OF THEIR OWN, AND ~~ARE~~ NOT DUE TO EAT, WEAR, OR EXPERIMENT ON. THE ABUSE OF ANIMALS BY THE BIOMEDICAL INDUSTRY IS SCIENTIFIC FRAUD, WITH MILLIONS OF ANIMALS SCIENTIFICALLY SACRIFICED TO PROTECT COMPANY INTERESTS NOT THE PEOPLES' HEALTH. THE WOMEN AND MEN OF THE A.L.F. WILL CONTINUE THE WAR AGAINST ANIMAL ABUSE UNTIL THE LAST ANIMAL LABORATORY CAGE IS EMPTY.

HAPPY EASTER!

Your letter to Director Sessions regarding the arrests of Ms. Judi Bari and Mr. Darryl Cherney was referred to me for reply.

These arrests were initiated by the Oakland, California, Police, who are conducting an investigation into the bomb that exploded in Ms. Bari's car on May 24th. The FBI is investigating this matter jointly with the Oakland Police. Since this is an ongoing case, it would be inappropriate for me to provide specifics about the investigation.

Director F.B.I., William S. Sessions,

Your indictment of Daryl Cheney and  
Judi Bari is unfounded and reprehensible. Many  
of the civil rights arrests arose because of "your"  
unfounded allegations against such national heroes  
as Martin Luther King. The arrest of Bari and  
Cheney is yet another in the long list of F.B.I.  
misdeeds. Please right your wrong by exonerating  
both Cheney and Bari. Don't continue to repeat

Dear [Redacted]

On August 7 and 8, 1990, Special Agents [Redacted]  
[Redacted] and [Redacted] visited your offices in Willits,  
California, during which time you graciously made available  
letters to the Editor for their review.

During this review three letters were obtained due to  
the typewriter similarities with the "Lord's Avenger" letter and  
subsequently transported to this office. I am returning to you  
at this time the three letter obtained, noting that upon further  
review the typewriter characteristics do not appear to be  
consistent with the letter under investigation.

On behalf of this office I wish to extend to you my  
appreciation for your assistance and look forward to working with  
you again in the future.

Sincerely yours,

Gentlemen, *To The Editor:*

*We have ten the Department of Forestry in*  
We are writing you regarding Timber Harvest Plan THP 1-90-526  
~~July 6~~ by Barnum Timber Company for "223 acres of clearcutting, re-  
habilitation on Curly Cow Creek" in Mendocino County, California.

*We are neighbors to this proposed THP and we are very much against this plan. We challenge you to have a complete, cumulative EIR and study completed on this entire area surrounding Sherwood Peak, which is the watershed for the Ten Mile River tributary system, a major salmon spawning area.*

*We feel that a number of problems are not being adequately addressed by your ~~the~~ Department with several THP's you have already approved for this area and that are now being cut on land owned by Louisiana-Pacific, Georgia-Pacific and private <sup>14%</sup> land owners.*

*The constant annoyance from noise, pollution and a real danger from fast lumber trucks on the small Sherwood Road has been severe for us this summer and last. Sherwood Road seems to be the only access road to this entire watershed area.*

*Mendocino County has spent thousands of dollars this year alone on road repairs to the new chip seal on Sherwood Road. County workers have told <sup>us</sup> ~~me personally~~ that the trucks are overloaded and this is what is causing the heavy road damage.*

*Clearcutting is no way to manage our forests. This logging process leaves too much open soil bare to the hot summer sun, a highly unfavorable*

*(more)*

condition for new plant growth. Erosion into the local streams is much worse and this spells disaster for spawning salmon and the local fishing industry.

It has been established by the Mendocino County Forest Advisory Committee, ~~appointed by the County Board of Supervisors to study the timber issue, and the recent FRRAP report that Mendocino County is~~ currently being overcut <sup>over</sup> 3 times growth (or 320%) for sustained yield. To allow another clearcut in this County is an outrage.

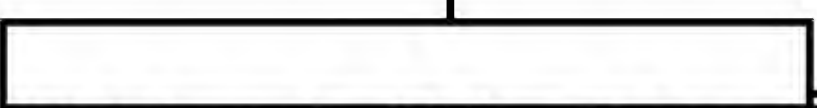

~~How can you call this THP "rehabilitation on Curly Cow Creek"? Rehabilitation would mean leaving this area alone to regenerate from past timber harvesting.~~

This type of forest management leads to the problems we now face in the local timber industry. Problems of overcutting that lead to job losses, forest cover losses, oxygen losses, droughts and air and water pollution.

Statistics compiled by the FRRAP show that "overcutting by the major timber corporations have created a crisis<sup>e/</sup> which gravely threatens the viability of the timber industry".

If this type of forest practice is so good then why is Mendocino County, a county whose economy is based on the timber industry, going bankrupt? Why are our timber workers looking at recently closed mills and low wages? Why are Louisiana-Pacific and Georgia-Pacific making record high profits the past few years at our's and the forests expense? Why are we facing a drought in Northern California? Why are you approving so many THP's?

We feel that these problems must be adequately addressed and solved by your Department before any more cutting is allowed in Mendocino County.

## On Healing The Earth

The beauty of a woman sometimes can only be found by one who recognises the potential for it; a man of uniqueness in understanding, a man who, throwing away all the cultural attitudes and repressions, can feel inside what his father and his father before him told him it was un-safe or un-manly to feel. A man who, when he sees the reality of emotion, and the beauty within himself, can reach out and find the beauty in others. Men, for centuries, have been taught that it is better to be tough, unfeeling, and a rapist of their own inner beings, resulting in the rape of our planet. An awakening is now occurring here on Mother Earth, within our American culture, as well as, and in some cases, more so, than here, and men as well as women are realising; almost too late, that our planet is crying out for the raping to stop and the healing to begin. Of such is the beauty found in ALL Life.

When the human race finally comes to the realisation that we are not meant to dominate nature, but be stewards and protectors of what little is left, (and that time is fast approaching), we will all, collectively and inclusively, feel the kinship of Family that we all are with other life forms. Christians believe that God created all Life; I have a similar belief, but I also say this; "Dear Christian, If God created all Life, then we are all related, correct? We were all formed out of the dust of the earth; our Mother, all manner of animals and plants. Why, then, do many of ye bretheren encourage the raping and pillaging of our Mother Earth?" I can answer that, too, as I was once among the mentality itself. My dear Christian bretheren, do you really believe the Bible? Do you really believe that by hurrying the destruction of our Earth Ma that Jesus will come that much faster? What kind of sick mentality is that? If you really believe the Bible, then you will recognise the following, out of the Book of Revelation. The twenty-four elders are singing the praises of God, and they sing, most emphatically, that God will "...destroy those who destroy the earth." Sounds to me like the protective Father and Husband, a role that men can never forget, a natural role that in its most beautiful expression, could never be construed as "male chauvanism". Our planet; our Mother Earth, needs us to help Daddy protect her! Mommy needs her children, as Mommy is sick, and doesn't want to continue on in violent reactions such as earthquakes, volcanic eruptions, etc. etc. Are we listening?

Restore Funds > SH-Letters - Ed

To The Editor:

The following letter has been sent to Senator Barry Keene and Assemblyman Dan Hauser (and others) to enlist their aid to forestall damaging cuts in the Court and Community School programs in every school district in the County. We also hope that others who value continuation of the program would pen a brief letter in support of continued full funding of these programs.

On behalf of the Board of Directors of the 27th District P T A (Mendocino and Lake Counties) I am voicing strong opposition to the part of the Governor's budget that would seriously reduce Court and Community School funding (line item 6110-106-001, sections 4, 5, 6 and 7).

I appreciate the need to find ways of dealing with the expected deficit, but surely there are less costly ways of cutting back. I remind you that Court and Community Schools are our first line of defense against increasing numbers of alienated, troubled youth who often grow into destructive, costly burdens upon our society and economy. Failure to deal effectively with these youngsters may well be the greatest threat to the stability of our society in the not-so-distant future.

In Mendocino County we know that our Court and Community Schools are working. According to figures provided by the Mendocino County Office of Education:

- The dropout rate in Mendocino County has been reduced by 30% below state average;
- Juvenile arrest rates have been reduced in our county by 15% from 1987 to 1988;
- In 1987, more than 90% of 601<sup>youth</sup> (status offenders) ~~youth~~ had no further contact with the justice system after leaving their community-based program; and
- Enrollment in the 602 (on probation) program has dropped 25% in less than a year.

So, in the interests of the future well-being of all of us, please seriously weigh the real costs of "saving money" at the expense of programs designed to lessen one of our greatest social problems.

Please act to restore those funds.

Sincerely,

27th District P T A

Ukich

Dear Congressman Coughlin:

I am writing in further response to your September 10th inquiry on behalf of one of your constituents, [redacted] who provided you a copy of a newspaper clipping written by Ms. Judi Bari, an advocate of the organization Earth First. Ms. Bari begins the article by describing the incident involving the bomb that exploded in her car on May 24th in Oakland, California. 174A-SF-90788 (8-10-90)

The FBI and the Oakland Police are jointly investigating this incident and, since this is an ongoing case, it would be inappropriate for me to provide specific details about the investigation at this time.

Please assure your constituent that the FBI conducts investigations only when information is brought to our attention indicating a person and/or organization is in possible violation of Federal law within our jurisdiction.

# For F.B.I., Back to Political Sabotage?

By Judi Bari

**O**n May 24 a car bomb exploded under my seat as I drove through Oakland, Calif. The attack followed a series of death threats against me and occurred as I was traveling to organize nonviolent protests with Earth First! against overcutting of the redwood forest in northern California. My injuries are painful and severe, and will leave me permanently crippled.

But the unspeakable terrorism of this ordeal did not end there. The Federal Bureau of Investigation, working with the Oakland police, immediately concluded that I was responsible for the bombing myself. They attempted to charge me with the assassination attempt that nearly took my life.

Within hours after the bombing, they declared that my passenger, Darryl Cherney, and I were the only suspects. They based this on an F.B.I. agent's statement that since the bomb was on the floor in the back seat of the car, we should have seen it

**I know one thing: I didn't bomb myself.**

and therefore we knew we were carrying it. Later they admitted that the bomb was hidden well under the seat and could not have been seen. Nonetheless, Mr. Cherney and I were arrested.

During the next eight weeks, the police and F.B.I. raided my house twice and even pulled finishing nails from my window trim in a vain attempt to link me to nails found in the bomb. Meanwhile, a local newspaper received a letter claiming credit for the bombing. The letter said that the author wanted to kill me for my political activities and described the bomb in such detail that police had to admit at the writer had personal knowledge of it. But instead of searching for the letter's author, the F.B.I. concluded that the letter writer must be my accomplice, and Mr. Cherney and I remained the only suspects.

While I was in the hospital, too weak to respond, the police and F.B.I.

carried on a media campaign against me. Using selected leaks and innuendo, they continued to imply my guilt. Yet the filing of charges against me was delayed twice, then finally dropped on July 18 for lack of evidence. In spite of this, the F.B.I. successfully damaged my reputation and discredited the nonviolent movement I was helping to organize.

Political sabotage of this nature is reminiscent of the activities the F.B.I. engaged in during the 1960's under the name "Cointelpro." This program of covert operations was formally suspended in 1971 after the media revealed that the F.B.I. had deliberately disrupted legitimate movements for social change.

Congressional investigations established that the F.B.I.'s activities included a 10-year secret war against Dr. Martin Luther King, and court documents show that agents acted improperly in the murders of members of the Black Panther Party and the American Indian Movement. The F.B.I. agent in charge of investigating my case is Richard W. Held, who worked with Cointelpro. And although Cointelpro was formally suspended, a former agent, Wesley Swearingen, has said that its activities continued.

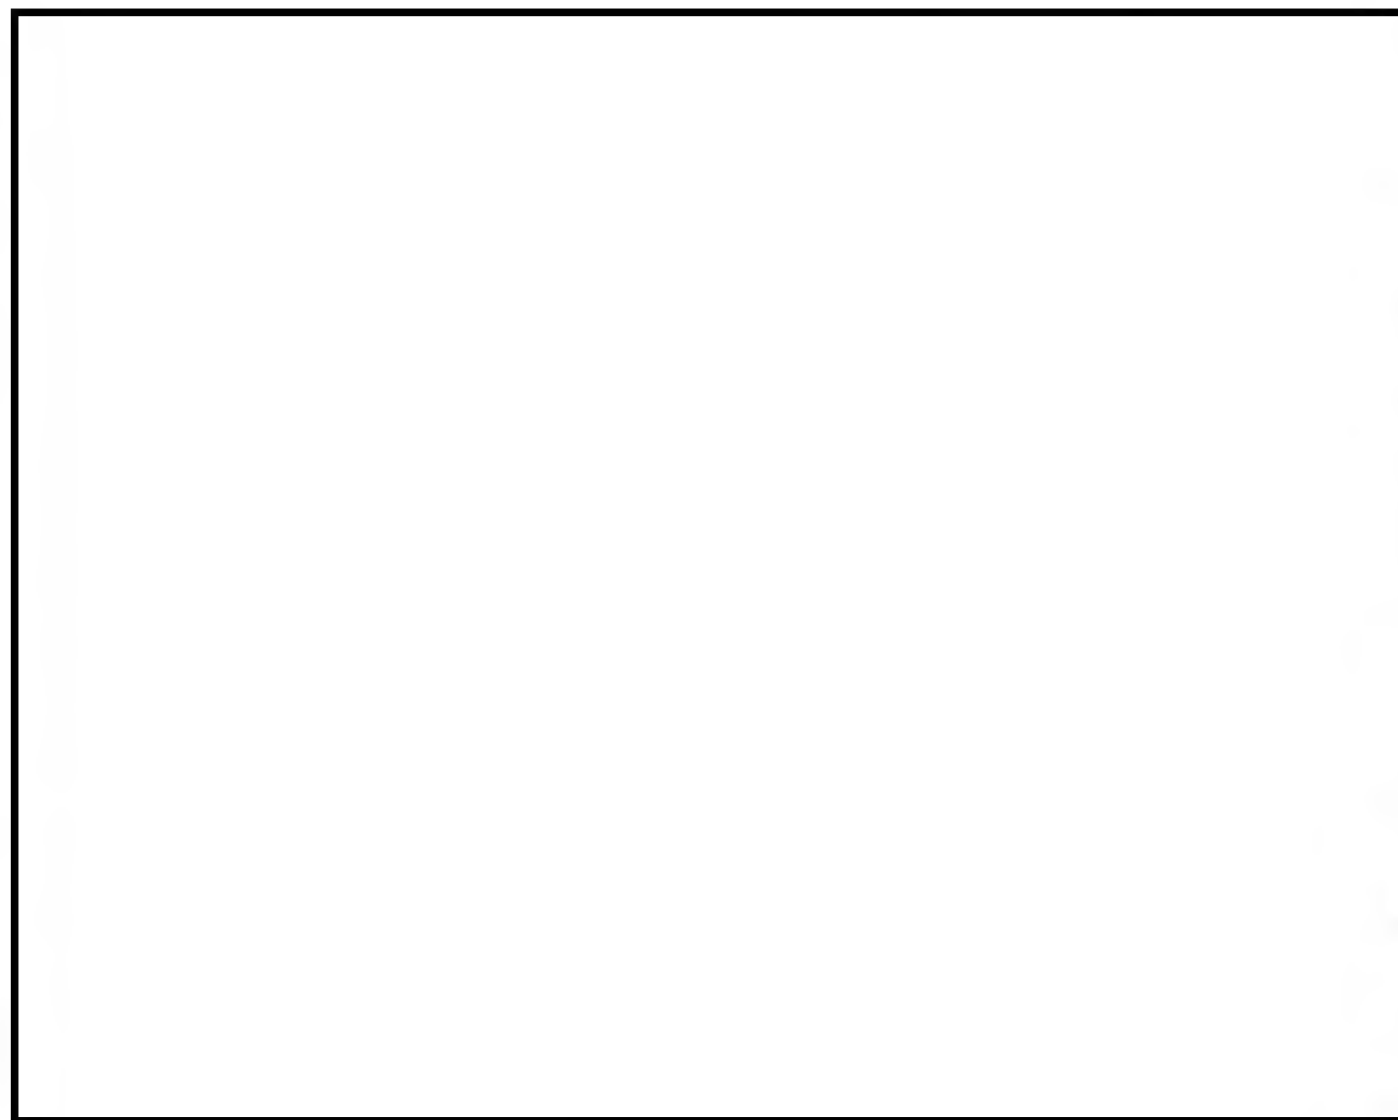

The F.B.I. admitted at a news conference that one of its agents, Michael Fain, set up Earth First! activists for arrest in Arizona, and it has been widely reported that the bureau spent more than \$2 million to infiltrate and disrupt Earth First! Considering this history, it seems wildly improper for the F.B.I. to be conducting any investigation of the bombing attack on me in Oakland.

The reaction of the F.B.I. to the bombing was so improper that a coalition of 50 environmental and women's groups, including the Sierra Club, the Audubon Society and the National Organization for Women, joined Representative Ron Dellums of California in calling for a Congressional investigation. The House Judiciary subcommittee on civil and constitutional rights, headed by Representative Don Edwards of California, has agreed to question the F.B.I. about its handling of the case.

Earth First! is not a terrorist organization, although the F.B.I. has done its best to present us as one. If it can succeed in framing and discrediting us, then domestic dissent is not safe from Government sabotage. The right to advocate social change without fear of harassment is the cornerstone of a free society. We cannot allow ourselves to be manipulated by police agencies that have no respect for our democratic principles. □

Judi Bari is an organizer with the environmental group Earth First! She is hiding in northern California.

Honorable Pete Wilson

Dear Senator Wilson:

I am writing in further response to your October 13th communication, your case number 0286070023, on behalf of [redacted] regarding the bombing incident involving Ms. Judi Bari and Mr. Darryl Cherney.

The FBI and the Oakland, California, Police Department are jointly investigating the incident that involved a bomb that exploded in Ms. Bari's car on May 24th in Oakland. Since this is an ongoing case, it would be inappropriate for me to comment about any specific aspects of this case. However, I want [redacted] to know that the FBI is in no way responsible for crimes perpetrated against Ms. Bari and Mr. Cherney. While we may investigate allegations of violations of Federal law which fall within our investigative jurisdiction by individual members of groups and organizations, all such investigations are carried out in accordance with Attorney General Guidelines and Presidential directives. We have found that these Guidelines serve to protect the First-Amendment rights and personal privacy of United States citizens, while simultaneously enabling us to effectively perform our legitimate law enforcement functions. Activities such as that described by your constituent would not be permissible under these Guidelines.

I hope that the information I have provided will be of some assistance to you in responding to [redacted] Your enclosure is being returned as you requested.

Hon. Pete Wilson

RE: Earth First!

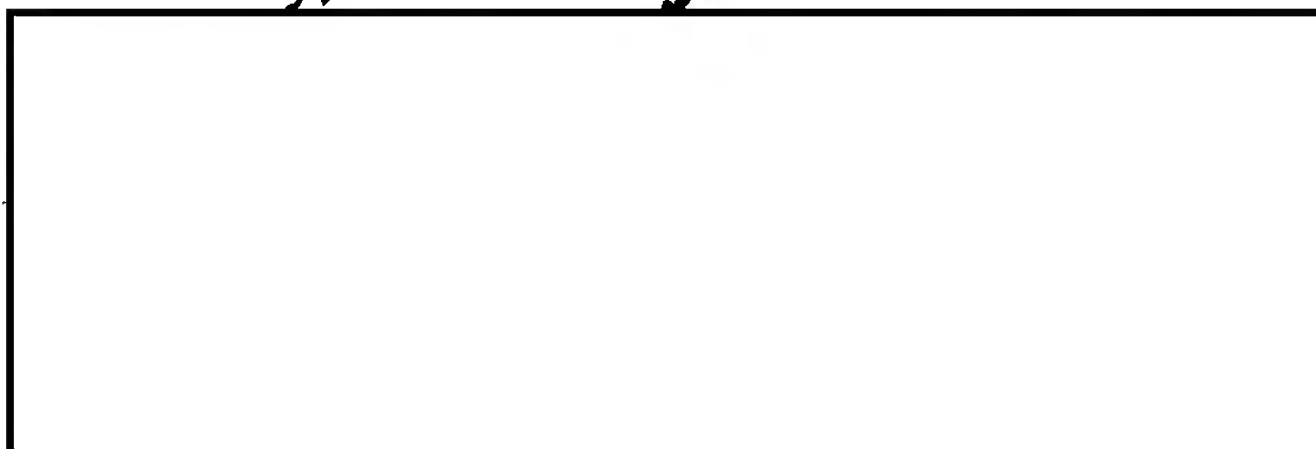

Dear Senator Wilson:

I would appreciate your support in requesting an investigation into the car bombing of Earth First! members Judi Bari and Darryl Cherney. I, too, feel that there has been a mishandling of this situation. I also agree that authorities have done little to protect Ms. Bari's and Mr. Cherney's rights. I feel that they have been unjustly slandered by the media.

How do I know that the FBI did not plant the finishing nails in Judi's car and in her house? How do I know that the FBI was not involved in this case primarily to discredit the environmentalist position of saving our ancient forests? How do I know that the Timber Industry has not tried to buy the public's opposition to propositions supporting saving our ancient forests by slandering Earth First! through "bad" press and perhaps even creating/placing both bombs? There are too many unanswered transgressions in this case.

A final thought is, we are facing critical years in recognizing the fragility of our wilderness areas and the importance of preserving our country. The decisions we make now will affect generations to come. I feel that we must protect our remaining wilderness. What Judi Bari and Darryl Cherney are working for is very admirable. I'm only sorry that now Judi Bari has sustained injuries which leave her bedridden and emotionally distraught with the knowledge that someone is trying to hurt/kill her. Thank you again.

Sincerely,

Oakland, CA 94606

A .22 RIFLE WAS DISCOVERED IN A DUMPSTER BEHIND DENNY'S  
 RESTAURANT, UKIAH, CALIFORNIA. THE BOX WAS ADDRESSED TO JUDI  
 BARI, \_\_\_\_\_ CALIFORNIA.

THE RESIDENT \_\_\_\_\_ ADVISED THAT SHE HAD NEVER HEARD OF  
 JUDI BARI OR DARRYL CHERNEY AND DOES NOT KNOW ANYONE INVOLVED IN  
 THE LOGGING/ENVIRONMENT DISPUTE, WHICH IS ONGOING IN THE  
 SONOMA/MENDOCINO/HUMBOLDT COUNTIES OF CALIFORNIA.

\_\_\_\_\_ ASSOCIATE OF JUDI BARI,  
 \_\_\_\_\_ HAS BEEN  
 IDENTIFIED AS AN INDIVIDUAL WHO BLAMES BARI FOR \_\_\_\_\_ AND  
 IS SUSPECT IN CAPTIONED MATTER. \_\_\_\_\_ WAS INTERVIEWED AT HIS  
 RESIDENCE, \_\_\_\_\_ CALIFORNIA, AND  
 ADVISED THAT HE HAD MET BARI AND \_\_\_\_\_ ON NUMEROUS OCCASIONS,

 THAT HE HAD NOTHING AGAINST BARI OR \_\_\_\_\_ AND FELT THAT THEY  
 SERVED AS A LIGHTNING ROD FOR A LOT OF VERY INTELLIGENT BUT  
 "CRAZY" PEOPLE. \_\_\_\_\_ ADVISED THAT AT NO TIME HAS HE EVER  
 THREATENED BARI \_\_\_\_\_ WHO IS A \_\_\_\_\_
